	<p>Points raised by members of the public included: The King George V Field is held in trust by the Charity Fields in Trust for the purpose of sport &amp; recreation, it lies outside of the Green Belt village settlement on land under Green Belt Policy GB2 that permits development for outdoor sport and countryside recreation &amp; for buildings which are essential to support these uses, WDC's recommendations have been incorporated to minimise visual impacts in the AONB under the policy L1, 240 residents have registered their support for the application, it is a scheme developed by the village for the village, on village land purchased for this purpose, it would improve the quality of life, health &amp; wellbeing of the residents of the village. A brief history of the field was also provided back to the 1937 covenant.</p> <p>Two members of the public spoke against the application. Points raised included: a MUGA is an urban solution to a lack of green space, a free to use facility should not be converted to a pay to use facility for the wider community, the proposed development contravenes all 9 reasons for a planning application to be rejected, including the Green Belt area, AONB, visual impact, noise &amp; light pollution and a historical use of the field, no requirement for additional recreational facilities in Hughenden Valley.</p> <p>There was concern from the audience regarding one member of the public speaking for more than two minutes.</p>

<b>WDC Reference</b>	<b>Location</b>	<b>Description</b>	<b>HPC Comment</b>
18/05905/FUL	King Georges Recreation Ground Coombe Lane Hughenden Valley	Erection of community all-weather sport facility and adj playwall, removal of 3x floodlights to be replaced with 6x retractable floodlights, installation of fencing, alterations to existing ground levels, creation of path and 12 parking spaces	The Parish Council objects to this application as it is inappropriate development in the Green Belt and AONB in that it does not preserve the openness of the Green Belt and would therefore have a detrimental impact on the environment and landscape. There would be an intrusion in the area due to lighting, hard standing and parking areas. The MUGA would be open to any organisation, not just to the parish of Hughenden, the resultant traffic noise and vehicle movements would be an intrusion within Hughenden Valley and surrounding areas. Whilst Hughenden Parish Council welcomes plans to support sporting development for all ages, the Council would wish these to be in more appropriate areas. If minded to approve then this application should be determined by the Wycombe District Council Planning Committee
